Rail Unions Reject Appeal For Delay

Strike Will Go On But Workers Willing to Bargain

OTTAWA, Aug. 17.—(CP)—Unions engaged in the railway labor dispute today rejected a government appeal for a 30-day deferment of their Aug. 22 general strike.

But they joined the railways in according to an urgent government request for resumption of their negotiations that have been broken off for a week.

Late News Flashes

HOTELMAN SICK

NEW YORK, Aug. 17.—(CP)—Dave Mulligan, well-known hotel man in Canada and the United States, has suffered a stroke and is seriously ill. He was reported to be "holding his own" today. The 80-year-old native of Pembroke, Ont., is chairman of the board of Realty Hotels which operates the Biltmore, Barclay and Park Lane in New York.

REBELS CONTINUE

BANGKOK, Aug. 17.—(AP)—Burma government intelligence reports said today that rebel Karens have decided to continue their anti-government warfare despite the death of their leader. The Karen leader Saw Ba U Kyi fell in battle last Saturday near the Thailand-Burma border.

CHINA SUB BASES

TAIPEI, Formosa, Aug. 17.—(AP)—Chinese nationalists said their intelligence reports indicate that Russia is building two submarine bases in Communist China. The bases were said to be at Mamei, near Foshan 120 miles northwest of Formosa, and at Yulin on the south coast of Hainan, about 180 miles from Indo-China.

SAILINGS CANCELLED

HONG KONG, Aug. 17.—(Reuters)—British shipping companies have again suspended sailings from Hong Kong to Shanghai after the British freighter Taiman struck a mine yesterday in the Yangtze river estuary. The ship, her stern down, was taken in tow this morning.

The Markets At a Glance

TORONTO, Aug. 17.—(CP)—Prices moved higher in quiet dealings on the Toronto Stock Exchange today. Volume was about 1,600,000 shares.

Industrial reached an all-time high as measured by the Exchange's index of representative stocks which was started in 1948. Stocks in the food, paper, and manufacturing advanced.

Western oil, after showing weakness in early trading, asserted itself for some of the best gains in recent sessions. Most energy issue pushed higher.

MONTREAL, Aug. 17.—(CP)—Strong support featured the list in moderate trading on the Montreal Stock Exchange and Gurb market today.

Most securities held firm to their early fractions. The final hour, while many key issues steadily rose to advances ranging beyond a point, most energy issue pushed higher.

NEW YORK, Aug. 17.—(AP)—Key stocks surged higher over a wide front in today's market.

In the fastest trading in three weeks, favored shares moved up a few cents to more than \$2 a share. Many stocks sold at their peak prices for 1960 or higher.

The Canadian union reply did not completely shut off the possibility of an eventual postponement.

WILLIE TO BARGAIN

While it declared it would offer no "encouragement" to this point, it added that "a great deal" would depend on what progress could be made toward establishing a basis of settlement before the afternoon of Aug. 21.

That indicated this was the latest time at which the union chiefs here and in Montreal could halt the ponderous machinery in motion for several weeks.

"The reply of the 15 international unions, representing 80,000 workers, was a straight turn-down of the 30-day plea accompanied by an expression of their willingness to start bargaining again."

No mention was made of the proposed mediator in the larger group of telegram to Prime Minister St. Laurent.

Following receipt of the union replies, there were indications in government quarters that an emergency cabinet meeting might be called for this afternoon, to deal with the new developments.

Another major development today was a call from the Canadian Federation of Agriculture, representing 400,000 farmers, for the government to declare a national emergency and take over operation of the railways as a last resort against a strike.

Meanwhile, preparations for the crippling strike went forward. To get to work in the first tangible effects on rail traffic, with an embargo going into effect at midnight.

Bombardment Seen Opend For New Offensive On City

TOKYO, Aug. 18.—(UPI)—The Communists shelled the outskirts of Taegu today in support of their menacing new offensive less than 20 miles north of the city, provisional capital of South Korea.

Three North Korean divisions attacked on a 15-mile front north and northwest of Taegu yesterday. Their first onrush drove the South Korean defenders back two to three miles.

Early today North Korean artillery on the west bank of the Nakdong river near Waseung, 15 miles northwest of Taegu, began shelling the outskirts of the capital.

A dispatch from U.S. Eighth Army headquarters said the battle of Taegu appeared to have died down early today, but was expected to flare up again as dawn broke.

BEACHHEAD DENIED

The assault on a 15-mile front beached at the mouth of the Nakdong river, about 10 miles northwest of Taegu, was repulsed. The U.S. 3rd Marine Division and the 1st Cavalry Division repulsed the assault.

"As far as we know the North Koreans still are pressing the South Korean positions in the north," the spokesman said. "The South Koreans are giving some ground, but we do not know whether it is a small penetration or something bigger."

Southwest of Taegu, U.S. marines and infantry clashed into the Communist highground in the elbow of the Nakdong river in what was described from the field as the second big American offensive push of the war.

SHOWDOWN SEEN

The two battles appeared to mark the start of a showdown along the Nakdong and on the approaches of Taegu.

The First Marine Brigade captured a strategic height at the southeast corner of the Nakdong bridgehead in the first hours of the offensive. The U.S. 3rd Division overran Communist positions on the northern end of the pocket.

The penetration of two to three miles would put the Communist vanguard north of Taegu some 15 miles from the capital, depending on just where the biggest gains were made.

The North Koreans apparently had shifted strength from the U.S. 1st Cavalry front around Waseung to the north and south of Taegu.

The penetration of two to three miles would put the Communist vanguard north of Taegu some 15 miles from the capital, depending on just where the biggest gains were made.

Ball Star's Son
Burned to Death

SAN ANTONIO, Tex., Aug. 17.—(AP)—Charles Mathewson, Jr., 42-year-old son of the late baseball star Charles Mathewson, died yesterday of burns received in a gas explosion at his ranch.

Mathewson, a retired United States Air Force lieutenant colonel, was installing an electric dishwasher in his kitchen when the explosion occurred.

Prince, 35, held the Military Medal and the United States Silver Star.

He served with the Canadian Parachute battalion and the U.S. Canadian joint force at Anzio and in France. He received the Distinguished Service Cross for his second battle of the Princess Patricia's Canadian Light Infantry.

Korea Policy Upheld

OTTAWA, Aug. 17.—(CP)—The United Nations Security Council today called on the government to give the fullest support to the UN action in Korea and to whatever measures members are necessary to support the Canadian economy to support such efforts fully.

The statement was issued by Prime Minister St. Laurent.

Cruise Ship Toll Now Set at Five Victims

TADOUSSAC, Que., Aug. 17.—(CP)—The wreckage of the St. Lawrence River cruise ship Quebec which burned here Monday night gave another body today. This brought death toll to five.

Early last night the fourth body, believed to be that of a woman, was recovered by police from the Canada Steamship Lines pleasure vessel.

The fifth was located not far away by a wrecking and salvage crew working over the burned hull of the 1,600-ton ship from which more than 40 passengers and 130 crew members disembarked amid smoke and flames Monday evening.

The fifth body was described as being "whole."

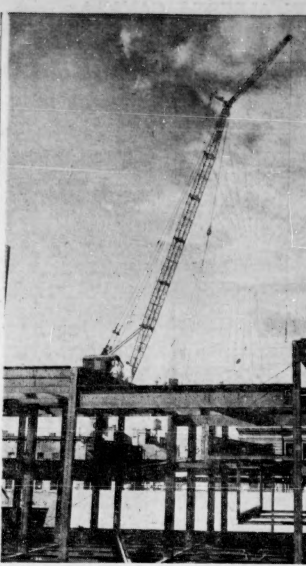

One source said the bodies are believed to be those of a South Carolina doctor and his wife.

At first, Canada Steamship Lines announced everybody aboard the stricken vessel had been accounted for.

Even as the company continued to insist this was no newspaper men learned that three persons were missing and three bodies — those of a man, a woman and a child — were discovered.

They were tentatively identified as Mr. and Mrs. Norman Shapiro of the town of Mount Royal, Que., and son, Leonard.

Local Driver Arrested After Hit-Run Smash

Police today arrested an Edmonton motorist in connection with a car-bicycle hit-run accident last night.

The victim, James Bowman, 1034-132 street, was hurled into the ditch on 104th avenue near 131st street, when a 1930 sedan hit him from behind about 9:25 p.m.

Bowman was severely bruised, about the legs but didn't require hospital treatment.

With two other witnesses, he saw the car put out its lights and drive off without stopping.

One of the other two, R. W. Johnson, 1106-75 street, caught the motorist several blocks away, but the driver denied all knowledge of the accident.

Sergeant A. Woodward was placed upon the owner of the car reportedly involved, from identification numbers and descriptions furnished by the three witnesses.

The owner John Cramiecki, 1034-132 street, was charged with failing to remain at the scene of an accident.

SIMILAR PAINT

Police said the right front of Cramiecki's car has paint similar to that of Bowman's bike smeared on the ditch.

There were three other hit-and-run accidents this year in Edmonton, all of them unsolved.

Police are investigating an Edmonton motorist in connection with an accident of Aug. 8. Then, Norris Emby, 1188-134 street, was hit by a car on the St. Albert trail near 318 avenue and left unconscious.

Search continues for drivers of two other hit-and-run vehicles, June 18 and Aug. 1. In the first, an Edmonton woman suffered two broken legs and a motorcycle suffered head injuries in the second.

PIONEER, 101, SEEDS WHEAT

VERMILION, Aug. 17.—Frank Hibbert of Wildwood district celebrated his 101st birthday yesterday by seeding his winter wheat.

The oldtime is still active and handles the affairs of his farm south of Vermilion. He still reads without eye glasses.

Hibbert first came to Alberta in 1880 on a prospecting trip in search of coal. He lived in the U.S. until his 79th year, when he moved to the Wildwood district.

Facts First, Bridge Text

There could be no greater waste of the taxpayers' money than to go ahead with plans for widening and redecking the high level bridge without first instituting a complete traffic survey to discover the present and future importance of that bridge in terms of present and future use.

Alderman Fred Mitchell is quite right in insisting that the matter of rehabilitating this bridge be brought to a head. If his purpose is to precipitate action, his notice that he will move on September 11 that the commissioners prepare the bridge plans and that a money bill be submitted to the burgesses in November is sound and timely.

But it would be a colossal mistake to carry out these preparations without to expert, professional traffic survey to show exactly where this bridge stands in the traffic picture of the city.

Plans to widen and redeck this bridge may be thoroughly sound. On the other hand they may be completely unjustified.

Only a traffic survey, determining the origins and destinations of all traffic move-

ments within the city, can possibly determine this point with any degree of scientific accuracy.

Indeed, this traffic survey is so desperately needed that it is impossible to understand why it is delayed.

All over-throw transportation facilities, including the entire bridge situation, depend upon it.

The choice and routing of arterial highways depend upon it.

The creation of an adequate traffic system depends upon it.

We can have neither traffic efficiency nor full traffic safety without this survey which will lay down the basic principles for the development of our traffic future.

The placing of bridges and arterial roads cannot be left to chance. It cannot be controlled by even the best of guesses.

Bridges and arterial roads must be built according to the most complete traffic information which can only be obtained by experts with specialized knowledge and wide experience.

A traffic survey, one of the immediate urgencies in Edmonton, is the only answer.

Jack Scott

Ontario Interlude To Answer Critics

(Columnist Jack Scott is on a cross-Canada tour with his family in automobile and trailer—EDITOR.)

RUSHING RIVER, Ont.—We left the plains of Manitoba here today and crossed over into the apices and birch and the boulders of Ontario.

For the next thousand miles we'll be going through very much the same kind of country we travelled today except for the twin lake-bed eddies of Fort William and Fort Arthur, our next water hole, the route seems a lonely one.

But when we cross the country by motor car you discover that this land is not nearly as empty as it appears on the map or from high speed transportation.

Rushing River, our current address, is a provincial park of 20 miles east of Kenora. We are here and enjoying it because, on the evidence at hand, Ontario knows how to look after its visitors.

We Discover We're Loved

When we had made our camp, had dinner and put the kids to bed, Brown and I sat down to a feast of home town papers that reached us this morning at Winnipeg General Delivery.

It was certainly the end of a perfect day for that so many of you are stimulated by our columns and writing to the editor.

There was Mrs. Olive M. McLean, for instance, who wrote the editor to suggest we "turn right back home."

And a Mr. T. Wick who suggests "editors to move home and sending a booster."

And a Mr. H. McConnell who urged the editor to "write the States and order him to halt and remain quiet until I arrive with my wife and two children to take over."

And several other dear hearts and hectic letters with similar biting sentiments.

We're Going Right On

Well, we are going to make them all mad by going right on, snarling at all the bad roads and having a minimum of four emergencies a day, the outcrops of broke loose from the wall today and we lost the keys to the trailer and have a broken locksmith get us in.

And we are going to keep right on writing about our trip and not the one that these particular town friends wish we ought to be making.

As for Jack points out, we are obviously woefully inexperienced at this sort of life.

Why, writes Mr. Jack Scott, "he doesn't know enough to last over a day or so for prairie roads to dry." This is so painfully true.

On the other hand, Saskatchewan has nearly 10 days of rain while we were doing the cross-country crawl across its face and a guy can't wait forever, can he?

Mr. McConnell, himself, in venturing to make such a road, he could leave a trailer, take a bath and kill a mosquito without mentioning a word of it to his readers and I don't doubt him a bit.

But with us, life is a gigantic struggle against mechanical things and little bugs and I am afraid we'll have to keep right on the way we are. I just wish we'd had the McConnell fellow with us for the day's dust got so bad.

Didn't Say It

There's just been a couple of things in the letters that got under the skin of the hide we columnists learn to develop and the reason for this diversion to

One was Mr. Sick's statement that, "According to Scott, there is nothing to build a Trans-Canada Highway for."

Lord love you, Mr. Sick. I never said a word of that kind.

There's just about everything in the world to make such a road, the world's finest scenic route, and indeed, in a column only a few days ago I said that when the cross-Canada highway is completed it will mean a new life for the country.

Anyone who makes the drive. There I have been recording the "editors" to make such a road in the summer of 1950, and that is forcing nine out of every ten of us to make such a road, the States when they are travelling from one distant point in Canada to another.

Cowboys Untypical

I was unhappy, too, with the criticism of Mr. McLean who wrote that we were "typical of the cowboy singer, Wilf Carter, in Winnipeg because 'believe me, you're not a cowboy'."

And Mr. McLean, who wrote that we were "typical of the cowboy singer, Wilf Carter, in Winnipeg because 'believe me, you're not a cowboy'."

Sakes alive, Mr. McLean, better believe it. I have told the Winnipeg story and, anyway, I wouldn't think of doing a job on writing that the amount of time we have for a stop-over. As for saying, "I don't know who I am," I wouldn't do that. It's my home town.

Well, I'm glad that's off my chest. We aim to please, but we can't be what we ain't. And sometimes we have to go to fishing, if that's all right with you.

Booklet Hints At Vivid History

RADDAU, B.C.—This piece will be mostly about Alberta, for several reasons. In the first place, all this part of Canada has a dual loyalty, so to speak. It is a part of the Empire, but it is also a part of the Dominion.

But the main reason for writing about Alberta today is that (ironically) the Dominion of Calgary, stopped off here long enough yesterday to present me with a booklet about the province.

It was published to celebrate the 75th anniversary of the City of Calgary.

What a treasury of untold stories there is in a region like Alberta.

Take the life of John Wayne. He was born in 1894 in the town of Alameda, Cal. He was a cowboy, a movie star, a hero, a legend.

Another famous Alberta character that would fit into a rip-roaring story is the late, great, and famous Taylor of Macleod. Originally a whisky runner and fur trader, he became a politician and a statesman.

There is so much in the history of this province that it is impossible to do justice to it in this space.

1. Books and spare must be removed from the house. 2. Every fluid (except water) for sale at the bar.

3. "No smoking" signs are needed for tobacco. 4. All guests requested to rise at six a.m. for the morning session.

5. "No smoking" signs are needed for tobacco. 6. All guests requested to rise at six a.m. for the morning session.

Two Patterns for World Defense

A large section of public opinion on this continent will concur with the contention of Harold E. Stassen, former United States presidential candidate, that the territory should be attacked if there is any further spread of Communist aggression.

Mr. Stassen's view is that since Russia is the source of this aggression, the war should be carried to Russian soil.

This is a mild form of the more extreme notion that the United Nations should confer a benefit on the world and effecting an ultimate saving in human life if their forces would splash atom bombs all over the Russian empire and thus cripple at one blow, the capacity of Russia for waging world war.

It seems to be a brutal viewpoint. But it cannot be summarily dismissed on the mere grounds of brutality, first, because it has certain practical considerations to commend it and, secondly, because so many people adhere to it.

It is, indeed, a telling argument to point out that such a crippling attack on Russia would probably result in as many casualties as a third world war would do.

Total casualties in the first world war are computed at 37,000,000 and in the second world war at 56,460,000.

A third world war, if the atom bomb was employed, would probably result in over a billion running into the hundreds of millions.

Therefore, the argument goes, if a

decade and crippling attack on Russia were to kill 25,000,000 people, it would still be good moral economy.

The number of kind, kindly and tolerant people who are coming to this extreme view is amazing, says observers who are in a position to know.

But the compression under this argument is found in the words of Governor-General Alexander who pointed out in Edmonton that, in the first place, a general war is unlikely if the United Nations make a strong enough showing in Korea and, in the second place, an entire world war might be waged without the employment of the atom bomb, just as all belligerents went through the second world war without using poison gas.

This must be added the fact that such a proposed attack on Russia would involve an abandonment of the United Nations policy, which is the most powerful asset it possesses.

The Battle of Britain, as everyone knows, was not so much because the British were gung-ho and indomitable, as because the British were right. They were unconquerable because they upheld the values of human liberty and decency and faith.

No problematical saving in human lives, no more advantage in security would be gained by the moral leadership involved in the measures advocated by the extremists today.

The details of the arrangement are less important than the fact that it has been amicably effected.

The differences between the city and its employees could have dragged on interminably.

They have been brought, on the contrary, to a happy and reasonable conclusion without the necessity for arbitration.

This figures a good and wholesome feeling between city workers and the city administration — a tremendous asset in a community going through a period of rapid and vital development.

Letters to the Editor

Price Ceiling
Sir: There is no shortage of foodstuffs and the necessary things of life in Canada.

Why let the profit-hungry get away with it when the average family can hardly make ends meet now?

Look at what is taking place across the border. Korea was a lame excuse, with warehouses bulging with everything.

Joe's gang loves to see discontent. He has agents in disguise in our midst who love to spread their fiendish gospel of hate, sabotage; promoting strikes and wars.

How can our government be so inefficient in such a critical time. The cabinet takes a holiday. They must be in a coma. No wonder the Kremlin thinks we are an easy mark.

City Employees and City Wages

The settlement of the wage dispute between the city of Edmonton and 1,100 of its employees has been effected without an appeal to an arbitration board.

Members of Local 30, comprising outside workers in the engineer's, waterworks and parks departments, the city garage and purchasing units of the city have expressed themselves as satisfied with the offer of the city which will bring their earnings up to 97 cents an hour.

The city employees, who have agreed to the settlement, are in a community going through a period of rapid and vital development.

ODDS AND ENDS

Kitten's-Eye View of this World and Wonderful World

A small, soft, black-and-white head, nestled itself gently between the palms of the feline.

Wide, round eyes, as blue as the summer sky, stared contentedly at the garden.

The kitten was on its feet, its tiny paws extended, as it gazed at the grass.

Quite clearly the small creature had fixed its attention on the shiny red garden can.

Naps and the kitten were out for a minute of refreshment. The kitten was on its feet, its tiny paws extended, as it gazed at the grass.

Looking Backward

1890—60 Years Ago
The Red Deer crossing of the C.P. and the railway has been located on "Gard's" property about 10 miles from the present ferry, and village.

1900—50 Years Ago
F. Huse has taken over leadership of choir at the Methodist church.

1910—40 Years Ago
A Winnipeg police officer captured a burglar, for whom Kansas police have been searching for several years on a charge of murder.

1920—30 Years Ago
Gas engine at the power plant in the city of 200,000, has been sold to a Calgary buyer for \$500.

1930—20 Years Ago
Mayor Douglas has been asked to furnish the federal government of labor with figures of Edmonton's unemployed.

1940—10 Years Ago
Eighty-eight German planes have been destroyed by RAF in the night.

What to Expect From the A Bomb

"We don't have to sit back and say that 60,000 people are going to die because a bomb goes off."

"The book does not purport to be a civil defense blueprint. The National Security Resources Board, the agency responsible for civilian defense, plans to give the country such a blueprint Sept. 8."

Details Time For Defence
But the fact is, the book tells as precisely as possible how to defend against it, and it details the major requirements for doing it.

It says frankly that mass protection within half a mile of an atomic explosion "would not generally be feasible."

But protection outside that limit—and the book says it is possible—would save thousands of lives and millions of dollars worth of property.

Half a mile is 2,640 feet. Without protection, nearly 80 per cent of the people 3,000 feet from an atomic blast would be killed.

At 4,000 feet nearly 60 per cent. At 6,000 feet 30 per cent. At 7,000 feet 15 per cent.

Eight Nazis To Be Freed In 9 Days

Prominent War Criminals Benefit By Good Behavior

FRANKFURT, Germany, Aug. 17.—(AP)—Friedrich Flick, the steel baron, and seven other prominent Nazis convicted of war crimes will be freed in nine days for good conduct, it was announced yesterday.

Duke's Ranch Sells 80 Head Shorthorns

HIGH RIVER, Alta., Aug. 17.—(AP)—A cattle sale will be held tomorrow on the Duke of Windsor's 4,000-acre ranch 30 miles west of here, in preparation for restocking the agency with commercial cattle.

Announcement of the sale was made yesterday along with disclosure that the ranch had been placed under new management as a result of the Duke's visit last April.

The ranch will be managed by the Canadian Pacific Railway colonization department, it was announced. It had previously been run by P. Burns Agnew.

80 FOR SALE
Eighty head of Shorthorn cattle will be sold tomorrow and the stock will consist of Herefords and other commercial breeds.

H. C. P. Crosswell, chief commissioner of the CPR Immigration and Colonization department, said the registered sheep herds on the ranch will be extended. The ranch house will be renovated and made habitable for year-round use.

The ranch was bought by the Duke of Windsor in 1935, when he was Prince of Wales.

PM Gets Reply To Birth Greeting

OTTAWA, Aug. 17.—(CP)—Government house yesterday received a telegram from Princess Elizabeth in reply to the message of congratulation from Alexander sent Tuesday on the birth of her daughter. It read: "I am most grateful for the kind message of congratulations and good wishes which you have sent to me on behalf of the people of Canada on the birth of my daughter, Elizabeth."

Trial's Sequel Is Impressive

BRAMPTON, Ont., Aug. 17.—(CP)—There was a long pause in police court yesterday when William Cook offered a \$100 bill to Magistrate T. H. Moorehead to pay a \$25 cost order.

Magistrate Moorehead ordered a five-minute adjournment while a court attendant scoured around for change.

This Marriage Advice Is Free

MONTREAL, Aug. 17.—(CP)—Jean Labell yesterday was ordered to pay \$600 in damages after his former fiancée, Maria Lillo, testified she was left at the altar despite a successful rehearsal of their projected marriage.

Frederic Lillo, Maria's father, brought action for expenses incurred preparing for the marriage and for trouble and damage to his reputation.

Bible Story Of Creation All Wrong Says Speaker

CAMBRIDGE, Eng., Aug. 17.—(AP)—The Bible is all wrong about creation and the predicted second coming of Christ, and it should be changed, a British professor said yesterday.

Speaking before the Modern Theology Conference, Dr. D. F. Wright called for a "new translation of the 'picture language' of Bible stories."

Dr. Whitley is a fellow of Jesus College, Oxford University.

"The development of the universe, which is the picture language of Genesis, is represented as having achieved its completion at the beginning of time, still continues," he said.

"The Biblical narratives of the creation account not only the creation of matter, which might have occurred in a single instant, but the organization of matter, the birth of stars and planets, the development of vegetable and animal life, and the origin of human life."

MILLIONS OF YEARS
"This did not take place in a flash or even in a series of flashes corresponding to the days of creation, but over a period which must be reckoned in millions of years."

"Indeed, it still continues. Now, by now imperceptibly the universe is changing. Biologically and in other respects the human race is anything but stable."

The New Testament story of the second coming of Christ is presented "in a wholly indigestible form which the majority of men are unable to assimilate," Dr. Whitley said.

He suggested that the second coming of Christ, "like the creation,"

Israel Immigration Figures Revealed

TEL AVIV, Israel, Aug. 17.—(AP)—Premier David Ben Gurion said yesterday Israel needs \$1,000,000 to bring more Jews to this country. He told the national council of his Mapai (Labor) party last night that he would like to see 100,000 Jewish immigrants to Israel in the next five years, to supply two-thirds of the sum, with the remainder being raised here.

Supreme Court Slated to Try Union Secretary

Former secretary-treasurer of the St. Albert Savings and Credit Union, Leo Bellhouse, was committed for Supreme Court trial Wednesday on charge he stole \$10,000 from the union while treasurer, March 1947 to Dec. 1949.

Kurt Rothenberg, former state secretary, convicted Dec. 4, 1947, along with nine prominent Nazi judges, was charged with aiding racial persecution and corruption and preventing the German Jewish community from re-establishing itself.

Paul Baer, former head of the Dreyer Bank, convicted at the same trial as Dietrich and Dorre on charges of plundering financial and industrial institutions in German-occupied countries.

Prinz T. Meyer, one of 13 officials of the T. G. Farben chemical company, convicted July 20, 1948, for spoliation of occupied countries.

Heinrich Lehmann, convicted of housing labor in the Krupp works, which produced guns, tanks, and other war materials for the German army.

Officials said 600 war criminals are still confined in the big Bavarian prison at Landsberg, where Adolf Hitler wrote "Mein Kampf."

Negro Killed After Gunfight

KANSAS CITY, Kas., Aug. 17.—(AP)—A 26-year-old Negro was killed in a gunfight with police yesterday after he had killed two persons and wounded two police officers.

Police said Herman Holley, a railroad worker, shot and killed his wife, Mrs. Vera Holley, 22, and her grandmother, Mrs. Sarah Doolittle, 78. Holley was killed as he changed shots with about 50 officers in high weeds along a creekbed to which he fled after wounding the detective.

Gold Mining Slowed

GEORGETOWN, British Guiana, Aug. 17.—(AP)—World conditions have been unfavorable to gold mining here, forcing suspension of exploration and development in this country.

Police said the members of the bicycle struck him in the side as he fell.

Quake Damage Said Over \$2,000,000

GADSAH, India, Aug. 17.—(Reuters)—Tuesday's earthquake did over \$2,000,000 damage in Upper Assam, first official estimate indicated today.

Most of the damage occurred in North Lakhimpur, Jorhat and Pashat, official sources said. More than 2,000 government and private buildings were destroyed. Five persons were reported killed.

Wound Believed Basis Of Infantile Paralysis

WASHINGTON, Aug. 17.—(AP)—A Washington doctor yesterday advanced the theory that you have to get some kind of a wound in order to get infantile paralysis.

And, says Dr. James C. Cumming, the tendency of children toward a higher injury rate during summer months when they have full freedom of play—may account for the fact that polio is more prevalent during the summer months.

He believes that direct damage to nerve fibres is necessary to allow the polio virus to invade the nervous system and produce disease. Dr. Cumming said natural immunity like the cavities of old baby teeth could provide such damage.

He also said tonsillitis and other surgical operations as well as accidental wounds could disrupt these nerve fibres and lay the nerve system open to attack—provided sufficient virus got into the wound.

AVOID OPERATIONS
(Many doctors advise against tonsillitis and other surgery during the polio season—) they can be avoided on the theory that such patients might be made more vulnerable to polio.

That no one has previously advanced the theory that an open wound of some kind is a requisite of polio invasion.

SHOW DAMAGE
Dr. Cumming says "the very large percentage" of fatal cases of the "bulbar" type of polio following tonsillitis offers support to his theory of self-infection, requiring iron-lung treatment.

He also said that in the 1943 polio epidemic, 34 of 39 patients investigated to determine whether they had had wounds of any kind prior to coming down with polio had some type of damage to the skin, mouth or throat.

Jasper Course 25 Years Old

Opened By Soldier Earl Haig It Draws Top Competition

When Earl Haig, leader of the Allied forces in World War I, drove his ball down the first fairway on the afternoon of July 17, 1925, to officially open this famous golf course, little did this great soldier realize that he was breaking ground for one of the most interesting golf tournaments in the Pacific Northwest.

That little golf ball marked the start of the new famous Totem Pole golf tournament, which attracts players from all parts of the continent.

The trophy, emblematic of the Totem Pole golf week championship, is a distinctly unique and has become a much coveted prize. Standing on a square base is a large silver totem pole, a replica of one of the famous totem poles made by the Haida Indians.

On each corner, guarding the pole, are silver bears, reminding the golfers of the playful black bears seen clopping along some of the fairways. A replica of this trophy goes to the winner as permanent property each year.

Some famous golfers have their names inscribed on the Totem Pole trophy; the winner in 1947 being none other than the great radio and screen star Bing Crosby, a three-handicap golfer who has all the shots in the bag, and who became immensely popular here during his three long visits.

TROPHYS HISTORY

Here is the complete history of the Totem Pole championship, the winner followed by that of runner-up in each case:
1928—Harry Jones, Vancouver
and C. C. Ronalds, Montreal; 1927—

R. F. Baker, Vancouver and Stanley Thompson, Toronto; 1926—A. Fred Bull, Vancouver and Monty Hill, Vancouver; 1925—Gardner White, New York and Ben Cook, Calgary; 1924—Gardner White, New York and Fred Wood, Vancouver; 1923—Leslie Bell, Calgary and Ben Cook, Calgary; 1922—Major N. C. Martin, Port Arthur, Ireland and M. A. Pollock, Havana, Cuba; 1921—J. H. Starky, Edmonton and Tom Green, Seattle; 1920—J. R. Matson, Victoria and R. Arkell, Vancouver; 1919—Herb Black, Calgary and R. M. Chastelaw, Winnipeg; 1918—J. B. Starky, Edmonton and A. Barnab, Ottawa; 1917—C. R. Kouserville, London and R. L. Scythia, Toronto; 1916—Lois Hoar, Edmonton and R. Heldbrink, Minneapolis; 1915—Don Thompson, Portland and Dr. G. Bigelow, Victoria; 1914—Don Thompson, Portland and Dr. R. James, Seattle; 1913—Art Johnson, Winnipeg and Wilder Brier, Calgary; 1912—No competition. World War II; 1946—Carl Haymond, Tacoma and Robert Cies, Vancouver; 1947—Bing Crosby, Hollywood and Gordon Versey, Victoria; 1948—J. E. Greene, Seattle and Gordon Versey, Victoria; 1949—G. Coleman, Miami, Okla. and Bing Crosby, Hollywood.

Triple Killing In Kentucky

PADUCAH, Ky., Aug. 17.—(AP)—Walter Edward Scott, 61, shot and killed his wife, her stepson and himself here yesterday, police reported.

Scott shot his wife through the left breast with a .38-caliber revolver at their home here. Then he killed the remaining five shots into the body of 26-year-old Charles Eller, whose wife saved herself by fleeing the couple's bedroom.

As a police car arrived at the home, Scott fled toward the nearby Paducah football field, and after reaching the gate, killed himself.

An estimated 2,600,000 births were registered during the first nine months of 1949 in the United States.

Non-sensational but no less entertaining were the hilarious antics of the diving clowns, who had spectators alternately laughing and gasping at their skilled feats on and off the diving board.

The competitive side of the program was headed by the relay race for the Banff Springs championship and which was won, for the second consecutive year, by the bell boys.

The program was punctuated by exhibition diving, acrobatic and synchronized swimming acts.

Shoulder Flag OK

OTTAWA, Aug. 17. — (CP) — Defence Minister Claxton has approved the shoulder patch Canada's special force will wear on its uniforms.

It takes the shape of a shield, has a bright red background topped with the name Canada, the gold maple leaf and the two olive branches from the United Nations flag.

Streit Urges Soldier Union

LAKE COUCHINGHAM, Ont., Aug. 17. — (CP) — Clarence Streit said yesterday the way to world peace is a political, military and economic union of the western powers.

Mr. Streit, a long-time advocate of union of Atlantic Pact nations, said such a union is needed if the west is to present a solid front in bargaining with the Soviet Union.

He spoke before the annual conference of the Canadian Institute of Public Affairs.

Mr. Streit said the main difference between the proposed Atlantic Union and the United Nations was that the Atlantic Union would be based on the sovereignty of the citizens. The U.N. was based on a "precarious" union of governments.

Tear Gas Used To Quell Mob

KARACHI, Pakistan, Aug. 17. — (AP) — Police using tear gas broke up a mob that threatened to burn stores and public buildings in Karachi yesterday. Police sources said the demonstration was led by Communist.

Four policemen were injured. Sixteen persons were arrested. The crowd smashed windows, furniture and some stores. They threw stones at police, who quickly arrested them.

Mine Struck

HONG KONG, Aug. 17. — (Reuters) — The 2,900-ton British steamer Taisan struck a mine in the Yangtze River estuary while en route Shanghai from Hong Kong yesterday. There were no casualties as the ship remained afloat.

The incident was sparked by a city official's order for the removal of a prayer tent erected by a group without city permission. All meetings and processions in the city have been banned for a month.

Anti-Red Program Of U.K. Is Rapped

Informal Criticism Made Of Britain's Rearmament Plans

LONDON, Aug. 17—(AP)—The United States has complained informally to Britain that her projected \$3,400,000,000 (\$10,540,000,000 Canadian) program of rearmament against Communism doesn't go far enough, diplomatic informants said tonight.

Holy Trek Undertaken By Moslems

CAIRO, Aug. 17—(AP)—Scores of Moslem pilgrims, spurred by religious faith, are near the midpoint of a gruelling 6,000-mile trip to Mecca, heading for the holy city of Islam.

They started their trek in November last year across barren lands. It will be June, 1960, before they return to their simple homes on the Atlantic shore of Africa in Morocco. So far they have walked through Morocco, Algeria, Tunisia, Tripolitania and the desert lands of the Second World War to reach the Nile Valley.

CROSS RED SEA

They must cross the Red Sea to reach the Arabian Peninsula. It is the duty of every Moslem, at least once in his life to visit Mecca.

There stands the sacred mosque of the Kaaba. This houses the black stone on which—according to Moslem tradition—Abraham Gabriel rested his head. The pilgrims must walk seven times around the Kaaba.

Those who make the pilgrimage must wear the "hadi" (pilgrim's) and all their past sins are forgiven.

Meteor Witnessed Over Miramichi

NEWCASTLE, N.B., Aug. 17—(CP)—A possible meteor or "flying saucer" was reported seen over the Miramichi river last night. The luminous object, trailing fire and travelling at high speed in a northerly direction, was said to have been seen by residents of Newcastle, Chatham Head, Millerton and Little Barabouque. Some observers claimed that the object broke into three pieces, accompanied by a thunder-like noise. Others said there were sounds like explosions.

Nationalists Cancel News Agency Offices

LONDON, Aug. 17—(AP)—China's Kai-Shek Nationalist Chinese regime in Formosa is closing the last of its central news agency offices in Europe. Personnel of the agency's London bureau said yesterday they had orders to suspend operations there. At one time the agency—which was first a government unit and then under the direction of Chiang Kai-Shek's Kuomintang party in China—maintained bureaus in most European capitals.

Marathon Pianist Claims Record

STUTTGART, Germany, Aug. 17—(Reuters)—Pianist Helmuth Arntz claimed yesterday he had established a world record of 130 hours "continuous piano playing," beating his previous record by three hours. He plans to go on to the 140-hour mark. Arntz set up his Stuttgart record in 36 days, leaving the piano for only one hour a day.

'Superior' Soviet Slams Seven Super Subjects

BERLIN, Aug. 17—(Reuters)—Arturo Toscanini, 83-year-old Italian-born conductor of the NBC symphony orchestra, is among seven famous men whose work has been banned from the Soviet zone of Germany, the west Berlin Volksblatt reported today.

He is accused of being "rootless, with western tendencies."

The newspaper said the other six, banned by the East Berlin executive of the Socialist Unity (Communist) Party, were:

Andre Gluck, French novelist, essayist and dramatist, "an enemy of the Soviet Union."

Ignace Paderewski, former Polish president and concert pianist, "a Polish reactionary Chauvinist and enemy of the Soviet Union."

Igor Stravinsky, Russian-born composer, "a Jew, an implacable enemy of the Soviet Union."

Rainer Maria Rilke, foremost German poet, "a Jew and unpatriotic."

Susan George, German poet, "a decadent dreamer and champion of Germanic infidelity."

Inside Hollywood

By Bob Thomas

HOLLYWOOD—(AP)—John Huston is a tall, lean-looking man with a genius for writing, directing and picking players. The latter talent is demonstrated in his choices of Audie Murphy and Bill Mauldin for leading roles in "Red Badge of Courage."

Murphy and Mauldin are two of the leading names that come out of the Second World War. Murphy, the quiet farmer boy and orphan, fought in Italy and won more medals than any U.S. soldier of that war. At 21, he was a national figure. His face on a magazine cover, his name on a Congressional Medal of Honor, the United States' highest military award. Mauldin, united with his apocalyptic over his post-war cartoons and checked the works. He turned to writing books.

I asked him what he thinks about his acting debut.

"I think it's a damn good idea," he said.

Mauldin, a baby-faced pencil artist, shot to fame with his cartoons which captured the muddy flavor of soldier humor. His influence was widespread.

Mauldin has reached the advanced age of 28 and Murphy is pushing 26. Murphy got bed up with the "most-decorated hero" business and has given all of his medals away to kids, including the Congressional Medal of Honor, the United States' highest military award.

CAPSULE REVIEW

"Sons of Guns" offers the lively talents of Judy Garland and Gene Kelly, which should be enough for anyone. No one expects surprises in a musical plot, and this one comes close.

Time Out

By DICK REDDERS

BETTING IS RISKY

Some purely personal observations after losing a few potatoes on the Heinoold-Dunn skrimmage at the Stock Pavilion last evening:

"There is an element of risk involved in betting—you can lose your money. But if you have a hunch it is better to wager on losing matches rather than on horses because, as a rule, you lose your money slower."

Heinoold, a blondish better from Oklahoma, has been around this place long enough to get his exploits about losing. Said he, after Dunn's arm had been elevated in token of triumph: "He got to me better than I got to him. Some other night I might be different."

Heinoold admitted that he was pooped after seven rounds, a consequence of not being the sharpest physical condition. Without ailing, he remarked: "I ain't had many easy ones lately."

He hasn't at that, what with eluding the world's featherweight champion Willie Fox and top contender, Sandy Saddler in recent months.

But the sharp-faced Oklahoma fan's looking for easy ones. At 27 he is more than somewhat interested in currency and in the business you get that commodity only by fighting the good guys.

HEADED FOR AFRICA

Heinoold's manager, Joe Basso of Barbenton, Ohio, flew in for the fight. He believed "was won" and advised all correspondents within earshot to say how much the unanimous decision to Dunn was hoed.

It was hoed all right, but not nearly as vociferously as it was cheered.

Basso and his boy are entertaining thoughts of travelling to South Africa for a duel with Wy Trowel, buttamasthead king of the globe. "They draw real good in Africa," commented Basso, who, besides managing fighters, is concerned about picking up enough pretzels to eat regularly.

ADD A FOLK-BRUSHING-ELBOW WITH EACH OTHER—Ken Samuels, manager of the four-baseball league Dodgers who has valuable oil interest near Westwood, pool hall proprietor Doug Anderson, who frequently puts his hockey opponents behind the eight ball, and Mickey McGuire of the boxing commission and his wife.

Calgary promoter Brian Faur, former Bulletin sports writer Jim Algeo and Associated Commercial Traveler cutting official Ted Mairs.

ALSO THE EDWARDS FAMILY from Amber Valley, amateur boxing brawler Jim Parsons and Alf Tansey, Junior Baseball league umpire Lucken Traupa, Claude Blackwood of CFRN, Leo (Shadow) LeClerc and Neelias Harold McMeister, who once was referred to as the Alberta Assassin.

MEDALIST BOWS OUT 3 AND 2

Emerson Mack Ousts Gray From City Amateur Tourney

Glen Gray, who fired a sub-par 10 last week-end to pace the midlife trend of the annual City Amateur golf tournament, yesterday said his good-byes for another year.

Playing at Country Club, Gray was knocked off by steady-going Emerson Mack, ex-California amateur, 3 and 2. The long hitting Mack, who won the 1959 City Amateur, was wild off the tee.

He trouble started in earnest when he drove deep into the woods at the fourth hole. Mack, while Mack of the Highlands club three times, played steady to clinch out the match at the 16th.

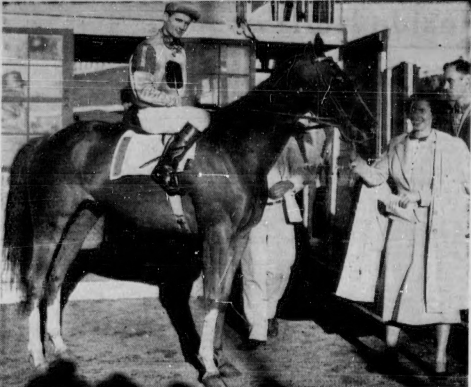

Defending champion Vern Mohr ousted Peter Dugan 4 and 2 to join Mack in the semi-finals.

A third Highlands club performer (Mohr also is a member), Alberta's Jim Harper, was hard pressed to edge Mike Zewenik 2 and 1.

Fourth semi-finalist will be decided today. Bill Gotsch, Highlands and Johnny MacDonald, Country Club, being scheduled to play skills.

MacDonald is matching well this season and is expected to give Gotsch, an Alberta Willingdon cup player in 1947, a real battle for the marker.

Play is continuing in the other rights of the tourney. Charlie Scott, secretary of the City Amateur Association, is anxious that the following matches be played before Saturday:

STANDING IN winner's circle, featured triumph in Northern Lights handicap at Fair Grounds yesterday, is Westmount Stock Farm's Long Green, Emil Roy up. Miss Marion McMahon of Calgary, daughter of one of the owners holds bride.

AITKEN LOSES IN MAYFAIR TOURNAMENT

Defeat of defending champion Johnny Aitken was the feature as play continued yesterday in the annual Mayfair Golf and Country Club tourney.

Aitken lost a nip-and-tuck decision to former champion Bill Hear, the match going to the 20th before the stylish Hear got scores with the hammer.

Hear advanced into the semi-finals, where he tangles with Charlie Smith.

The other semi-final brings together Ted West and Glenn Gray.

Bluebirds Take Pair

Manville Bluebirds trimmed South Side 5-4 and 5-1, in a pair of early-infield games of the Intercollegiate "A" football finals at Kingsway Park last night.

Manville collected 25 hits in two games and South Side committed 18 of the errors, making the Bluebirds' task much simpler.

In the first game, Manville led 6-0 at the fourth inning and just closed the rest of the way to an easy victory.

The second game was a much different story.

South Side banged out eight runs in the first two innings, knocking two pitchers out of the box in the process and taking a commanding lead.

Bluebirds set out to change the picture in the seventh inning and did a marvelous job.

The visitors batted clear through the order and chased in eight runs, leaving Manville to grope another triumph.

POISED to throw forward pass is Frank Pilchuck, great star of Montreal Alouettes. Eskimos clash with Grey cup holders at Clarke Stadium Monday.

Berry May Start Against Alouettes

That talented Tewan, Lindy Berry, may start in the quarterback position for Edmonton Eskimos against Montreal Alouettes next Monday night after all.

Coach Anna Stukus announced last night that Berry's knee injury is improving rapidly enough to warrant matching him against Montreal's peerless passer, Frank Pilchuck.

Earlier, Stukus had named his brother Bill as starting quarterback for the Alouette exhibition.

The Eskimo coach took considerable pains last evening to explain that he has no first or second team. He feels like he has 24 guys of equal merit to shove into action as their talents are required.

For example, if the Montrealers elect to receive the ball from the opening kick, Stukus will naturally start his defensive line against them.

"We may not have as many spectacular players at the other teams in the west," said Stukus, "but you know how well we'll play."

The Edmonton leader, as you no doubt gather, figures he has a strong bench. And he feels that being able to shuffle fresh shock troops into action continually might well be the key to winning this thing.

Regina Roughriders yesterday lost Andy Pavich, their highly rated punter and back-up punter from the University of Denver. He injured his right knee several weeks ago and the ailment never properly healed.

CINCINNATI—Last major league to get six hits in a consecutive times at bat was Walker Coles, who played with the Cincinnati Reds. His six hits came during the 1949 season.

Latest to sign with the Eskimos is Bill Horton, rookie full-back who graduated to the West Conference from the Junior Maple Leafs and St. Joseph's High School.

Scouting Saturday Alouette Stampeder game in Calgary for Stukus, Berry and line coach Don Durno.

Should Morton defeat Calgary tomorrow to defend the Alberta senior ladies football title they won last year.

Local football fans long will remember last year's Morton-Vancouver Pacific series. The West Coast squad won the third and deciding game in the best-of-three B.C. - Alberta final 4-2 in 13 innings.

HEART BREAKING LOSS Last year's heart-breaking loss of last year's quest for western Canada ladies football supremacy. Pacific went up to the title.

Morton wound up the regular season this year in second place, but went on to down the pace-setting Walk-Ins 4-1 in the final.

Heading party that travelled south yesterday was manager Ross Macleod.

Should Morton defeat Calgary tomorrow, winners of the southern Alberta division, they clash with the Saskatchewan-Alberta series will then travel to B.C. for the western final.

Westmount Stock Farm Steals Racing Spotlight

By Stan Mohr (Sports Editor)

It's not disclosing any confidence, nor is there any intention to stir up an equine scandal, in pointing out that the paternity of Long Green, an ace speed-star of the Westmount Stock Farm, is in doubt.

For instance Louis Davis' program Long Green's daddy as either Forced March or Green Palm, and let's it go at that.

But there's no doubting that the dam of the four-year-old gelding is Long River, who in turn being by Above Par (who, made it all last).

And that's how Long Green ran at the track yesterday while taking the Northern Lights handicap—above par.

With Emil Roy, intent on riding his third winner of the day aboard, Long Green streaked from the gate at the break and was three lengths in the lead before the field had gone 4-6.

There wasn't much to it after that.

About all Roy had to do was keep from falling off, the way Long Green was bowling along.

They buzzed under the finish with five lengths to go, over Eimbork Count, a by-hurrier that had shown little interest in the proceedings for the longest time, only to come with a great run in the last half mile.

Fancy-pants MacMahon was third. That feature fifth, spotlighting Roy and a member of the Westmount Stock Farm, racing, seemed only to emphasize the fact that trainer "Spud" Murphy and the quietly-efficient Roy had quite a day at the races.

Murphy also sent Bess You to the gate, in the fourth, likewise with Roy doing the steering.

As did Long Green, Bess You tied the enclosure like a bad-checke artist taking off in the face of a police raid, and continued on to come by a length and more over 26-1 shot Queen's Chance.

Thus trainer Murphy of Calgary, by the way, had a perfect day.

Roy rode the first triple of the meeting, having brought Nodoby home in the position in the opening race on the card. In all the boys from Tackle, Stukus, scored three wins and a pair of seconds with six mounts.

That's all, counting good riding, clean cracking good.

Something over 5,000 Wednesday half-holidays turned up for the day of the ladies meeting, with just about \$130,000 going through the money.

The sun was back in business again for a change and the track dried out rapidly. From being "mucky" to start it attained a first rating of "slow" from Mr. Davies, who deals in salt measure time, as well as through-the-gate figures.

After Nodoby had opened with a win, Count Leander popped down in the second, to put to get a daily double pay-off of \$47.15.

Considering that both Nodoby and Count Leander were favorites the payoff was surprising.

Then, in astronomical odds for favorites or near-favorites prevailed, the winner's circle was visited by:

Sugar Doughnut (\$630), Bess You (\$745), Long Green (\$500), and Tackle (\$475).

In the Spartan handicaps, at one and three-eighths miles, and Paddygoosey (12-1).

Pilalo gave way to Paddygoosey a few hops from the wire but hung on to be second in the last heat.

The quinella—4-5—returned \$34.75.

Puritys In 7-0 Triumph

CALGARY, Aug. 17.—Purity 7-0 triumph a 7-0 pasting on third place Buffalo last night, thus keeping alive their slim chance of overtaking the Bruins and grabbing the last Big Four playoff berth for themselves.

The win boosted the 99ers to within three games of their intra-city rivals. Both squads have full week-end schedules ahead against Edmonton opposition.

Stocky right-hander Lloyd Bradley, formerly a member of the Buffalo, hating stuff never looked better as he came back to haunt his former mates for the second time within the past seven days.

He went one for Puritys and gave one of the most masterful displays of pitching seen in Buffalo stadium this season, walking none, striking out seven and permitting but seven scattered hits.

A costly error by second-sacker Eddie Fager, who the Buffaloes allowed Carlisle on base in the first frame. He need in with the double of the ball game after a long fly.

The 99ers added two runs in the fifth and one in the ninth, clinching three the ninth.

Corrigan, who went the route for the Buffaloes struck out five and walked three.

Rides Double

VANCOUVER, Aug. 17 (CP)—Bobby Summers won the daily double at Exhibition park yesterday.

Summers, leading jockey at the east-end track, rode both ends of the double—Alone in the first and Best Dressed in the second. They returned \$25.50.

Best win price came in the seventh when Press Boy paid each National Buck \$27.50.

Tobin's Son Hawk Director

CHICAGO, Aug. 17 (AP)—Chicago Black Hawks, National Hockey league, outfitted with a new manager in Eddie Goodfellow and a new goalie in Harry Lumley, have a couple of new directors.

One is Don Tobin, 35-year-old son of William Tobin, president of the league.

The other is Lester Armour, chairman of the board of the Chicago National Bank.

Eckville Edged By Red Deer

ECKVILLE, Aug. 17.—Red Deer edged Eckville here last night in the first game of the best of five Central Alberta baseball league semi-final playoff series.

Tight pitching by D. Martin and J. Musselman, for Red Deer, and Doubles by Holmes, of Red Deer, and Charlie Phillips, for the losers, were the only extra base hits of the game.

Team will meet in the second game tomorrow night, at Red Deer, and will meet in the third game at Eckville.

St. Martin, Musselman (1) and Martin, Cunningham, Smith Phillips, for Red Deer.

"Break Clean When I Tell You"

At approximately 10:25 last night George Dunn, of Hartford, and Proctor Heindol, Oklahoma City, stood in the centre of the ring at the Cow Palace and listened intently (it says here) to a pretty speech from referee Johnny Smith.

"I want you fellows to fight good and clean," Smith told the mahogany-hued Dunn and his blocky, white-bloxy opponent.

"Break clean when I tell you," he went on, much like a father might talk to a couple of wayward sons. "And may the best man win."

Dunn and Heindol returned to their corners to await the good word from timer Anthony Stue. Seconds later the battle to decide the lightweight championship of Connecticut-Oklahoma, Edmonton version, was on in earnest.

It's no longer news in most quarters that it took Dunn less than three-quarters of an hour to win clear claim to the title.

Heindol still was around and about at the finish of the 10 rounds. But even he must have realized, whatever about certain defiant post-fight speeches by his manager, Joe Basco, that the subsequent raising of Dunn's hand in token of victory was mere formality.

Less than 10 days ago Mr. Heindol, who once aspired to a career as a journalist, only to go honest, instead, to take to Willie Peck, the current world featherweight champ.

To hear the Oklahoma tell it the verdict was all against the evidence. "I chased Willie all night," Heindol says. "The crowd booed the decision."

Well Proctor chased Dunn much of the time last evening, too. But that didn't make him a winner, anymore than it had against free-wheeler Peck.

Actually Dunn didn't get around to doing much about anything, until along about the fifth or sixth rounds. But from that point on he called most of the shots.

He jabbed away at the Heindol cranium in fine style, all the time aiming to open up the embroidery work that held together the edges of a prominent welt under his opponent's right eye.

The Sooner from Oklahoma replied in kind with punches to the Dunn bread-basket, generally. But not too many of them landed with anything like damaging effect.

Between times Dunn's seconds, the inevitable "Ricky" Henderson and the uninhibited Terry James, worked easily getting their man ready for the next round.

James proved his utter versatility by rendering the Star Spangled Banner over the public address, just prior to the Dunn-Heindol affair.

True he showed a fine disdain for the words as popularly sung. But he has a good voice and the crowd, not expecting the U.S. national anthem anyway, notwithstanding the fact that the principals in the main were Americans, gave him a fine hand.

Mr. Henderson, it might be noted, neglected to sing anything. Later though—in the dressing room—he had several harsh things to say about those people who had made Heindol an 8-5 favorite on the go in.

"Jes wish Dunn could get over this cold he's got and take on that Heindol again. Bet he'd stiffen him next time," Mr. Henderson said.

It might also be noted that Mr. Henderson was for doing more talking than the victorious Mr. Dunn.

The latter contented himself with holding up his hands for removal of the wrapping and otherwise divesting himself of his work clothes. He did find time to compliment Heindol, describing him as "a dangerous fighter. I couldn't take no chance with him."

Dunn, who reminds of "Sugar Ray" Robinson, except that he lacks a couple of inches in height, and a few hundred thousand in the bank, also admitted that Heindol had "rattled one of my ears."

Then the lightweight champion of Connecticut-Oklahoma headed into the shower.

RENFREW BASEBALL SLATED TONIGHT

The postponing of baseball games at Renfrew Park is getting to be an old story.

The first date set for the Dodger-Eskimo tilt and the Recreation Commission's all star game was Tuesday night. But wet grounds forced a postponement until last night.

However the grounds were all too wet for play yesterday so the games were scheduled tonight.

Dodgers' Morey Hawkey and Dick Lowe of Eskimos are likely pitching choices.

Purcell-Edmunds In Near Setback

A near major upset in the men's open doubles event highlighted play in the annual Gemini tennis club tournament last night.

The "Shorts" Purcell-Tudor Edmonds duo, long-time holders of the men's open doubles title, were edged by the duo of the Edgar-Edgar, father and son combination. Score was 6-3, 4-6, 6-4.

Edmonds later defeated Frank Oliver, city junior champion, 6-1 in the men's singles.

The Purcell-Braun win over Hal Walker in the ladies open doubles was a little surprise. Score was 6-0, 6-2.

Barrhead District Band To Play at Elk Island

Under direction of Bandmaster A. E. Larkins, the 20-piece Barrhead district band will present next Sunday's concert in the bandshell at Elk Island National Park.

Formed in 1941, the band is composed of veterans of both world wars, including men who served in regimental bands of Russia, Poland, Germany and Holland, as well as our own country. Scheduled for 8:30 p.m., the afternoon concert will feature trumpet and trombone solos as well as band selections.

Assisting artist will be bassist C. G. Byrne, of Lamont, accompanied by Mrs. Myrtle, Mr. and Mrs. Myrtle have given concerts in a number of Canadian cities, and were heard last summer in a thirteen-week concert series over CKLW. Mr. Myrtle made his operatic debut in 1935, and toured with the Canadian Army Show during the war. His selections will include ballads and humorous numbers such as "King for a Day" and "The Big Brown Bear."

Navy Denies Knowledge Of Alien Warship

HALIFAX, Aug. 17.—(CP)—The navy today denied any knowledge of a foreign destroyer operating off the Canadian East Coast.

A newspaper story in the Halifax Chronicle-Herald said earlier that the navy was keeping a close watch on a foreign destroyer sighted off Halifax yesterday.

The navy statement, issued by Commander F. W. Lacey, chief of staff to the flag officer Atlantic Coast, said the carrier Magnificent returned to Halifax yesterday after a scheduled because of fog conditions which made flying training impossible.

The statement added that the Royal Navy ship was paid a series of courtesy calls at various Maritime ports and may possibly have been mistaken for an unknown destroyer.

Auchinleck Gets Indian Title Of 'Big Pine'

BRANTFORD, Ont., Aug. 17.—(CP)—Brantford may know him as the victorious planner of the Alamein, but to the Six Nations Indians of the Brantford district, Field Marshal Sir Claude Auchinleck is Chief Big Pine.

Indian chiefs and an Indian princess in full regalia conferred the title on "The Auk" yesterday in a ceremony that was fully recorded by the cameras of 50 British school boys who took in the event as part of an Eastern Canadian tour which Sir Claude is conducting as president of the London Federation of Boys' Clubs.

The 34-day tour is sponsored by Garfield Weston, Canadian-born British industrialist.

In three years of operation, Trans-Canada Airlines have established 13,600 miles of domestic air routes.

Warning Tag For Motorists

RED DEER, Aug. 17.—Tourists, out of town shoppers and other motorists may find stickers on their parked cars, but they will not be required to pay fines for first infractions of traffic regulations.

City council approved this measure Tuesday as a means of enforcing the regulations without undue penalty to outsiders.

They decided against installing stop-and-go signs on Galt avenue which is a portion of the Calgary-Edmonton highway running through the city. At present there is one light at the main intersection. To be effective, council felt four additional lights would be required and the cost of \$2,000 each was considered excessive at this time.

Speed limits for playground areas were restricted to a 15 miles an hour maximum and signs will be erected at boundaries.

Boat Launched

ALBERTA BEACH, Aug. 17.—Launching the River Queen at the narrow end of the beach, the weekend caused a mild flurry of excitement at the home Mrs. Alvin Blahel.

The pleasure craft fills the need for moonlight excursions, for the town.

VETERAN, Aug. 17.—Memorial meeting in memory of Mrs. A. W. Thoroughgood was held by the United Church Ladies Aid last week at the home Mrs. Alvin Blahel.

There were 14 members in attendance.

Frost Strikes Central And Northern Alberta

Several degrees of frost in scattered areas of Central and Northern Alberta last night delivered the worst setback of the season to promising grain crops.

Damage is expected to be heavy in the Whitecourt area, 100 miles northwest of Edmonton, where an overnight low of 28 was recorded, and at Vermilion, 130 miles east of the city, where the mercury slumped to 30.

But crops in low lying areas as far south as Calgary are among those seriously damaged by the unreasonable drop in temperatures.

Only the Peace River area, where "terrible" crop damage was reported from frost Tuesday night, and the extreme south of the province, where temperatures held near the normal for this time of year, escaped last night's frost.

Throughout the frost-stricken area, grain crops had been most promising after recovering from early season drought when heavy July rains fell.

Mid-August frost is not usually considered serious, as under normal conditions crops are almost ripened by this time of year.

But this year the late crop is still green and not sufficiently advanced to withstand the damage of several degrees of frost.

RED DEER TO HAVE INDIAN SPORTS DAY

RED DEER, Aug. 17.—Horse lovers in the district are putting their ponies through the paces these days in preparation for the Gymkhana or "Indian Sports Day" at the Red Deer fairgrounds Labor Day.

An annual event, the gymkhana attracts competitors from all parts of central Alberta. Included are straight races, steeplechase, relays, hurdles and novelty events.

Members of Red Deer Light Horse Association are sponsoring the show. Morris Holender is in charge, assisted by William Brown, Alec McDonald and R. C. Bowhay.

Clyde Oldtimers Feted by Family

CLYDE, Aug. 17.—Clyde oldtimers, Mr. and Mrs. S. O. Pellant celebrated their golden wedding anniversary recently at the home of their daughter, Mrs. Walter Brulotte.

Mr. Pellant came here from Clyde, Kansas, in 1881 and Mrs. Pellant from Spokane, Washington, in 1882. They now have seven daughters, three sons, 25 grand children and two great-grandchildren.

Daughters are: Mrs. L. Beasch, of Clyde, Mrs. A. Lequere, of Legal, Mrs. H. Kennedy of Edmonton, Mrs. F. Tanquary of Donnelly, Mrs. W. Beulotte of Donnelly, Mrs. A. Gossel of Clyde and Mrs. A. Shaw of Saunders.

Kinsmen Picnic Features Races

RED DEER, Aug. 17.—Ebeling's Beach at Gull Lake was the centre for 70 Red Deer Kinsmen, their families and guests, at the annual picnic Sunday.

A fine program of races and ball games was staged in spite of hail and rain which stopped proceedings during the afternoon.

In charge of the picnic were Don and Yvonne and Paul Brown. Dr. W. Parsons was in charge of the races. Hours for throwing horse shoes were shared by Bert Wood and G. W. Ferguson.

LONDON.—(CP)—In a crisply wedding dress with medieval head-dress, Vancouver-born Dawn Lewis, 18-year-old ballet-dancer, married Albert Offenbach, 30.

Aerial Photos Map Province

Aerial photography crews who are mapping Alberta moved into the Fort Fitzgerald area last week.

They will continue working in the northern part of the province as long as weather conditions are favorable.

The aerial survey of the province is being financed by the provincial government, and when completed, will make it possible for accurate maps of the province to be provided for industrial development.

A large part of the aerial photography work was completed last fall, and by the end of this season most of the high photography from 20,000 and 25,000 feet altitude will be done.

Transformers Quit At Millet Creamery

MILLET, Aug. 17.—Transformers at NADIP creamery in Millet were disrupted during the weekend as a result of the heavy electrical storm.

Calgary Power at Wetaskin sent a repairman here to fix them before work could be started on the Sunday creaming.

Mayor Re-elected

ALBERTA BEACH, Aug. 17.—Few taxpayers exercised their franchise at the weekend elections here when Mayor Dewar was re-elected.

Councillor R. Tyrell was re-elected and new councillor Charles Coen chosen.

Hudson's Bay Company.

on the TOWN....

By Jack DeLong

More Name Trouble

One thing just leads to another in this business. Yesterday I noted that Walter H. Johns, assistant president of the University of Alberta, was holidaying at Figeon Lake.

Right away another Walter H. Johns pops in to see me. Walter H. Johns No. 2 works in the Bulletin advertising department. He used to be advertising manager for the Hudson's Bay Co. store here.

Now the things that happen to the Bulletin's Walter H. Johns are at once amusing and annoying. For instance, he is forever getting phone calls that start like this:

"Hello Walter. How is Joe?"
Now the Bulletin Johns has a heck of a time trying to figure out how the university Johns' Joe should be. It often takes 10 minutes of gabbing before the situation is straightened out.

At about the same time the University Johns is trying to figure out how the Bulletin's Johns' George is getting along.
Sometimes things are a bit more complicated. Take, for instance, the time the university Johns got a whopping bill that really belonged to the Bulletin's Johns. It was lucky that the Bulletin's Johns was kind of honest.

Just to make the whole mixup more mixed-up, the university Johns lives on 86 avenue and the Bulletin Johns lives on 68 avenue.

Many thanks department. For giving me timely little tidbits in the next week, honorable mention goes to: **AM. Freddy Mitchell, lawyer George Bryan and Insurance adjuster "Chuck" Learmonth.**

Pleasant Visit

Had a pleasant call today from Mrs. Gordon Gray, widow of Dr. Gordon Gray, pioneer Edmonton doctor who died four years ago. New York-born Mrs. Gray has been living in the east for the past two years. She sold her west end home and moved to be near her two sons in Ontario.

But Mrs. Gray hopes to come back to Edmonton some day. She wouldn't sell her furniture when she left for the east.

She was wistful when she told me: "It's nice being near my boys but I sure miss my good friends in Edmonton. I lived here from 1912 until two years ago. When you watch a city grow up you hate to leave it for good."

Railroader Tess Vance, (GNR), and jeweller Stan Nelson, (Birks), went to a movie last night with their good friends.

Mr. Vance is just back from the east, where he saw a baseball game in Cleveland played before 68,000 fans. Vance can't wait to get back to the game. (He wasn't quite clear who was playing Cleveland), but he thought the fireworks display after the game was wonderful.

Mrs. Vance and Mrs. Nelson were quite interested in the demolition of the old Imperial Bank building.

Mrs. Vance says those big Roman columns won't cause any trouble. The way they are made up of thin layers of stone stuck together with glue.

Mrs. Nelson says the columns are hollow and she was looking at Mr. Vance's column when she said it. As that bank was built in 1908 I can't understand how the ladies could possibly have anything concrete on the pillars.

A good nightgown to all and especially to lady sidewalk superintendents.

1,500 Boost In School Enrolment Is Expected

Edmonton Public School Board is facing the task of finding accommodation for an estimated 1,500 increase in school enrolment here for the coming term.

Opening of two new schools and additional classrooms in older schools is scheduled to meet the rush when bells ring out the start of 1980-81 classes Sept. 1.

New Schools
New schools are the 32-room Ingwood and the nine-class Bellefleur, both to be opened in the fall. The latter is a replacement of the fast growing subdivision.

Additional classrooms include four at Allendale, two at Mill Creek, four at New Gemora and four at Spruce Avenue.

Public school superintendent R. Sheppard said today pupils in the city would be most numerous in elementary and junior high schools.

SECOND UNIT
The present season report said about 100 of new second unit students are expected to be enrolled in Composite High School which was ready for the new term and announced amalgamation of the Garneau and Strathcona High Schools.

School building to be moved is from Forest Heights school grounds to Hutterford where crowded conditions in the Bonnie Doon district school make increased accommodation a must.

R. V. Clark, formerly on University High School staff, will be principal of the new unit, principal of new Garneau-Strathcona composite.

Other appointments: Keith Stewart, formerly Gairloch, will be principal of Calder Intermediate School; R. Douglas, formerly Calder Intermediate, will be principal of new Ingwood School; Ralph Frichard, formerly McGowen Intermediate, principal of new Bellefleur School.

Steel Czar Dies
LONDON, Aug. 17 (AP)—Sir W. Charles Wright, Britain's steel czar, died of cancer at his home in London, aged 83.

The reason the plane has not been used is that it's about 5,000 feet and, and the counter stream, usually, the aircraft, which is generally no more than 100 feet from the ground."

Quagmires and Mid-Street Ponds Plague City

SHORTAGE OF PAVED and gravelled city streets shows up worst after heavy rains. Here Bulletin photographer Eric Bland's camera catches sorry sight in widely separated sections of city, both by no means new housing developments. Above is watery scene in 115 block on 77 avenue when first-of-week rains stopped.

City Woman Wins Five Cups at Flower Show

Months of toil were rewarded last night when Mayor Parsons presented winners trophies at the flower show sponsored by Edmonton Horticultural Society.

A crowded market square building heard the Mayor tell exhibitors that their efforts were "something they will be proud of."

Consulting all who had participated in the show, the 42nd of its kind, Mayor Parsons stated great time and effort must have been spent on such a wonderful show.

Will - Five CUPS
The show's five cups hands first prize to Mrs. J. A. McArthur, 1130-20 street. He also handed her five cups that she won with 30 prize blooms.

Reides trophies Mrs. McArthur won 40 other prizes. The lady gardener didn't do too badly at Edmonton Exhibition either. There she collected 36 awards.

Glancing at her armful of cups she commented: "Only trouble with winning is the fact that I have to clean them all myself. My husband refuses to polish them."

Another consistent visitor to the presentation stand was J. H. Kervin, 11807-00 street. He gained four trophies with his gladioli.

Other winners were: A. O. Beaman, Major (Chapel) Cup for best lawn; T. Hall James McDonald cup for decorative house front; J. Rogers Gladys Heave trophy, best show separate and Edmonton Exhibition trophy for vegetable box.

League trophy for vegetables: M. A. Mandryk, Northwesters; Ullrich cup for display cut blooms; B. B. Bingham, T. Eaton Western Ltd. and B. B. Bingham, T. Eaton Western Ltd. trophy for best garden; Mrs. P. S. Mawer, Edmonton Journal cup for asters; and T. Reid H. C. Watson cup for display sweet peas.

ACCEPTS EVIDENCE
Shaping 6. O. Main accepted the evidence of the complainants that Heird said he was an RCMP officer. He dismissed the impersonation charge, on the technical ground that the Crown had failed to prove specifically that Heird, a former Mountie, was not a member of the force on June 4.

Tax Free?
NEW DELHI (AP)—The Maharaja of Haridwar has formed two trusts, one for the university of Haridwar, the other for rural improvement in the state. The fund totals 100,000,000 rupees (\$2,500,000).

No Operator?
LONDON, Aug. 17 (AP)—Sir Stanley Ross, secretary of the Football Association, spent a night in an elevator, which jammed in a building near Hyde Park.

AMERICAN: Birminghamshire, England—(AP)—The parish clerk of a church in Birmingham, England, was stopped for 31 years.

Collision Kills One
LONDON, N.D., Aug. 17 (AP)—One person was killed and several were reported injured when two trains collided at a crossing here yesterday. A New Line official at the crossing said the train involved was a New Line freight and the other was a passenger train.

MOTIVATED MOTORIST
An indignant Edmonton motorist and an equally indignant bus driver tangled with, resolved their troubles in police court here yesterday.

The outcome was a \$10 fine for Lou Meese, 1053-11 street, on a charge of exceeding the bus driver, Nicholas Goff, 1141-10 street.

According to Goff, the bus was stopped for 31 years.

ALIBI THAT DIDN'T WORK

Accused of indecent exposure, George Healy, Calgary, said he was staggering when observed by police because he had a sore leg.

To ease the pain and stiffness his knee, he bought some rubbing alcohol. The only reason he said, for half the bottle being missing, was he got 20 or 30 dimes.

Shortage Of Game Men Is Reported

There is a deplorable lack of well-trained men in the field of wilderness conservation in both Canada and the United States.

This was stated here today by Dr. C. H. Giesbrecht, vice-president of Wildlife Management Inst., at Washington, D.C.

Accompanied by Dr. Joseph P. Lindquist, another Washington biologist, Dr. Giesbrecht is on his way by plane to Fairbanks, where he plans to set up a facility at the University of Alaska for the training of students in wilderness conservation.

The American biologists were recently at a meeting of the Institute for Wilderness Management, attended by biologists and specialists from all parts of Canada and the United States.

EXPLAINS WORK
He explained the work of the Wildlife Management Institute as being complementary to that of Ducks Unlimited.

The Institute carries out research aimed at better management of natural resources with an objective of conserving wildlife and water level all over the continent.

The Wildlife Institute stressed the importance of water and soil conservation in the economy of the nation, warning that nations are numerous that the central points are headed for another period of drought, unless effective means are taken in the near future.

Contracts for 386 Namao Homes Let

Conversion of Namao airport into a major peacetime military base has gone into its third stage with the announcement that housing contracts for 380 new homes had been awarded.

A contract for 380 homes for use by RCAF personnel was awarded to Bird Construction Company. Cost of the homes is estimated at \$1,750,000.

SECOND CONTRACT
The second contract, for 150 homes for army personnel used at Shoguel and Winkland, of Edmonton, was awarded to Bird Construction Company. Cost of the homes is estimated at \$1,750,000.

It is also expected that tenders will be called for shortly for a new school building, to be used by children of army and air force personnel who will be posted at the military base.

The 150 army homes will be built on a quarter section of land on Namao road at the city limits. The land was purchased last year for construction of an army supply depot.

For the time being the army said that a total of 600 homes would already be built on the base at the cost of around \$4,000,000.

Total construction cost of the RCAF base when completed will be \$1,750,000 and will include a school for approximately 1,800 children and other community service buildings.

Construction of the homes will begin within two weeks, an official of the Bird Construction Company stated. Final plans have not yet been received from Calgary head office.

The job will be completed by the end of 1981 using rapid, pre-fabricated building techniques.

Conversion to peacetime use began two years ago with the initial contract for 50 homes, now completed and occupied. Last year the second stage began with the awarding of a contract for 100 homes to Bennett and White, of Edmonton. These are now erected and being finished.

Work has already been started on a \$250,000 annex to the base. The annex cost of this project will be about \$250,000.

FUA Convention To Draw 1,000

Over 1,000 delegates and visitors are expected to attend the second annual provincial convention of the Farmers' Union of Alberta to be held at Calgary December 4 to 6.

Convention's venue is at Palliser hotel, Calgary, as suitable accommodation would not be booked in Edmonton.

Minister of trade and commerce, C. D. Howe, is being invited to attend as guest speaker.

Building Permits Uplift
Edmonton's 1980 building permits value is set at \$140,000,000.

The city building inspectors of fire and the permit value are "managing to keep just slightly above the comparable 1979 totals."

SMILES OF HAPPINESS wreathed newly-weds Mr. and Mrs. Douglas Randolph Matheson following their recent marriage in Robertson United Church, Bride, former Margaret Chisholm Johnson, is only daughter of Russell Johnson and late Mrs. Johnson of Edmonton.

Saunders-Kennet Vows Pledged At St. Andrew's

St. Andrew's Church was bright with sweethearts, snapdragons and asters one evening recently when Miss Mary Eleanor Kennet and Basil Stanley Saunders pledged marriage vows before Rev. W. L. Clow.

Bride is the daughter of Mr. and Mrs. Richard Kennet, Bridgmont, and John Thomas included in the wedding party. Groom is the son of Reginald Saunders and the late Mrs. Saunders, all of Edmonton.

Given in marriage by her father, bride wore gown of traditional white satin.

It was styled with light-colored sleeves, sweetheart neckline and full gathered skirt with accented waist line. Her chapel veil was caught at a beaded coronet, and she carried a bouquet of roses and white gladioli.

GIFT OF PEARLS Bridgmont's gift, strand of pearls, was her only jewelry.

Miss Marjorie Kennet attended her sister, wearing frock of pale blue tulle. Her accessories were matching milstone and hat and she carried colorful bouquet of pink carnations and white sweet peas.

William Slater was best man. Usherings guests to pews marked with white and yellow violets and bouquets of white ribbons were Cilda Soudy and Sidney Gray.

Wedding music was played by A. Evans. During the ceremony he played "The Voice that Breathed of Eden."

RECEPTION AT HOME To receive the 30 guests at reception at her home, Mrs. Kennet, mother of the bride, chose black and white printed silk dress. She wore black hat and accessories and carried pink carnations.

Miss Helen Saunders, bridegroom's sister, also received. She wore dark green tulle dress decorated by black hat and corsage of Tallahassee roses.

Arthur Eden proposed the bride's toast.

Leaving for trip to Calgary and Brantford, bride donned blue wool jacket.

Yukon Beckons Helen Ogilvie

VANCOUVER, Aug. 16 — (CP) — On her way to the Yukon, where her family name is as well known as the gold that made the territory famous, is Helen Ogilvie of Ottawa.

She is the granddaughter of the late William Ogilvie, first governor of the Yukon, and evener of law and order in the wild days of the gold rush in 1898.

Miss Ogilvie's grandfather, commissioner of the Yukon in 1906, had the territory surveyed by engineer, Dick Lewis. During the survey, Lewis discovered Klondike Creek. She generally conceded one of the best pieces of ground for its size in the world.

Pound Of Pepper Worth A Fortune

MONTREAL—(UPI)—If you want to win the heart of the little woman this Christmas, boys, present her with a pound of pepper.

The spice in her affection may be just an attempt to hide the lack of pepper on the table.

Today, she will spend \$3.75 for the same pound of pure black pepper she bought for 40 cents before the war. As for white pepper, the little woman has to dig for \$1.75. The grocer demands \$1.00 more than he was asking back in 1933.

Habits Which Pacify May Not Be So Easy to Break

By Myrtle Meyer Elford

It is all too easy to adopt a pattern of behavior which momentarily soothes a child and then he is distraught to find ways to end it.

A worried mother writes: "My 20-month-old boy developed a habit of going to bed about two months ago. I began to lie down with him at bed and naptime. 'Now, he has called my bluff' and he is prolonging going to sleep from 30 minutes to one hour, refusing to say put him down to fall asleep."

TO IRK ME!

"Other people do not have this trouble with him. I tried letting him cry it out, but he cried for 30 minutes and then I gave in."

He is generally a happy child but not very animated or full of life. He tries very easily, especially if he plays with older children."

First, check with your pediatrician to determine whether his diet is proper and if there is any real physical reason for his lack of animation.

AWAKE LONGER

At 18 months the sleep habits of children tend to be disturbed. It does take longer for them to go to sleep at nap or bedtime and they may awaken in the night.

Also, when you introduce a new habit, such as lying down with the child, it becomes attached firmly to his regular pattern of going to sleep and then it is difficult to break. I would taper off the attention,

Tinned Fresh Fish One Answer To High-Priced Meat Problem

By Jane Scott

With meat prices forever on the march higher... higher... higher... we gals have to look to other sources for our main-dish standbys.

Meat has jumped into the luxury bracket... when even a soup-bone, gray and sparse sells at 35c.

So it's away to the tinned salmon, the tinned tuna, the corned beef... and other tinned efforts.

Time was when tinned meats 'n' fish were almost in the extravagant class... but 45c for a tall tin of salmon doesn't seem an out of proportion as it once would have.

But to get on with this business of recipes... and budgeting... let's have a whirl at these tasty tinned.

When time is short and appetites hearty, you can prepare a substantial casserole dish in half an hour. The ingredients are the kind you can stock up on before-hand.

CORNEB BEEF HASH
PINWHEELS
Filling

Place in a bowl 1 pound can of corned beef hash. Lightly mix in 1/2 cup chili sauce, 1/2 teaspoon vinegar, black pepper, and onion salt.

Make up a standard recipe for baking-powder biscuits. Turn the dough onto a lightly-floured board. Then roll or pat it into an oblong about 1/2 inch thick, and spread the hash mixture on the dough.

Roll it up lengthwise, like a jelly-roll, and cut into 1/2-inch slices. Place slices on end in a well-greased pan or casserole, and bake in a quick oven (350 degrees) for 20 to 30 minutes. This makes 6 to eight pinwheels. Serve hot with cheese sauce.

CHEESE SAUCE
Scald 1 cup milk in a double boiler, and add 1/2 lb. dissolved cheese or 1 lb. grated hard cheese. Stir until the cheese melts. Season with 1 teaspoon salt, 1/2 teaspoon paprika, 1/2 teaspoon mustard, and few grains garlic salt.

While hot pour over hash pinwheels. This cheese sauce is good on vegetables, especially on cauliflower, broccoli or onions. It may be kept covered in the refrigerator for several days.

SCALLOPED OYSTERS
For six servings, combine 1 cup chopped celery and 1 cup medium white sauce. (Or dilute: 1 can cream of celery soup with 2/3 cup milk.) Drain 1 pint oysters. Crumble—do not roll—8 to 10 plain soda-crackers. Put half of the oysters in a buttered casserole, and season lightly with salt and pepper. If you like, add a few drops of Worcestershire sauce.

Cover with half the creamed celery and half the crackers, and dot generously with butter. Repeat this process, again dotting the top layer of crackers and creamed celery with butter.

Bake in a hot oven (about 400 degrees) for 20 minutes. Shrimp or crab, marinated with lemon juice, may be used in place of oysters.

CHEESE SAUCE
(Serves 4)
1 tablespoon butter or margarine
1/2 cup milk
1/2 cup flour
1/2 teaspoon salt
1/2 teaspoon dry mustard
1/2 cup milk
1/2 cup grated sharp cheese
1/2 cup pepper

Melt butter or margarine in top of double boiler, over boiling water. Blend in flour, mustard and salt. Add milk and stir until thickened. Add cheese and pepper and cook over low heat until melted.

TUNA NEWBURG
2 tablespoons butter or margarine
1/2 oz. can tuna fish
1 teaspoon salt
Few grains cayenne
4 tablespoons cherry wine
1 cup light cream
2 egg yolks
Toast points

Melt butter or margarine in a skillet over low heat. Drain the tuna and break up into large pieces. Place the tuna in the skillet and heat through once.

Then add the salt, cayenne and cherry and cook 1 minute. Beat cream and egg yolks together. Pour sauce over the tuna and mix well. Heat through the tuna once more. Serve on toast triangles. Enough for 4.

in the KITCHEN...

By Jane Scott

With chilling autumn days right around the corner of our menu-planning, the budget-weary homemaker (that's you 'n' me) takes to the heartier foods to fill her family. The tinned salmon will soon fall by the wayside to make room for a soup and sandwich menu.

And I just happen to have a dozen or so such menus handy.

You take a peek at them and perhaps they'll give you a few ideas:

Tomato-and-Vegetable Soup
Three Dishes
(crisp bacon, cream cheese, lettuce, tomato-sauce)

Chilled Grapes Salted Peas
Hot or cold (instant or cocoa mix)

Quick Corn Chowder
(cream-style corn mixed with cream-of-chicken soup)
Tuna on Rye
Rhubarb Sauce
Tea or Coffee
(instant or soluble)

Tomato Soup with Chopped-Pickled Gherkins
Baked Beans and Bologna on Boston Brown Bread
Meat Wedges

Consume or Hot Tomato Juice
Club Sandwiches (sliced tongue with cabbage-and-onion slaw)
Cut-up Oranges and Coconut

Bean Soup
Thin Sausages with Tomato Slices on Toasted Buns
Red Sauter

Chicken Liver 'n' Scrambled Eggs on Toast
Cling Peaches
(add squeeze of lemon)
Cheese-Chip Cookies

Chicken-Noodle Soup
(add a lemon slice)
Egg-and-Apple-Pepper Sandwiches
Vanilla Pudding with Sour Red Cherry Sauce

Cream-of-Mushroom Soup
Shrimp Salad on Hot Bread
Toasted Cheese Bread

Olives
(sprinkle with grated cheese; toast under broiler)
Olives and Carrot Cakes
Lime Sherbet

Vegetable-Onion Soup
Toasted Peanut-Butter-and-Chili-Sauce Sandwiches
